

Preceptor (Teaching on the Run – day 1)

This **Professional** program provides four (4) workshops from the TOTR series developed by TELL Centre, Smart Moves Consultancy.

These workshops include:

- Clinical Supervision
- Supporting Learners
- Clinical Teaching
- Assessment

It is designed as a blended learning format which includes pre-reading activities and enables participants to apply sound teaching and learning principles. It is delivered by accredited TOTR inter-professional facilitators.

Participants may choose to attend TOTR individual sessions or the full day

Learning objectives

After attending this program, the learner will:

- Understand the importance in planning for and recognising opportunities for teaching and learning experiences in the clinical area
- In the clinical setting, utilise strategies and tools learned in this program to support learners
- Develop and consolidate skills in clinical teaching

Pre-Learning

This includes completion of online modules, presentation preparation by participants and other learning activities. Allow approximately 45-60 minutes per module.

Who should attend?

It is designed for any health care professional that precept, teaches, assess, supervises and provide feedback to colleagues, undergraduate students, new graduates, post graduate students or new staff in the healthcare setting. Including Senior Nurses delivering education to patients or staff.

Facilitator

Patricia Gurney | Nurse Educator | Centre for Nursing Education | SCGOPHCG
