

ENQUIRE 2021

Engaging in Quality Improvement using Research Methods

The ENQUIRE unit, previously known as Engaging iN Research unit has been revised.

This unit introduces clinicians to clinical research methodology, evidence-based practice, and quality improvement (QI). The interprofessional learning environment allows participants to develop analytical and critical thinking skills that have direct relevance to clinical practice in health care settings. Participants will lead their own QI project using research informed methodology, displaying an ability to critically evaluate health care.

The ENQUIRE unit is recognised for Advanced Standing (AS) at ECU and Murdoch universities. Students may seek Recognition of Prior Learning (RPL) at other universities upon unit completion; however approval of RPL is at the discretion of each university.

The ENQUIRE unit will run from February 2021 to October 2021.

Who can apply?

The unit is available to all employees of Health Service Providers within WA Health.

Cost:

- SCGOPHCG participants: \$1000 including GST
 - Participants within WA Health: \$1,500 including GST
- All participants will incur an additional charge of \$100 administration fee

Applications:

Forward all applications to Anne Matthews: anne.matthews@health.wa.gov.au

1. Submit a covering letter including:
 - Applicant introduction: Name, work area, clinical role
 - Reasons for applying
 - One paragraph which outlines a quality improvement project idea
2. Curriculum Vitae with referees
3. Provide confirmation of support from clinical lead (CNS, NM, HOD) for program enrolment and tentative project idea
4. Meet with the ENQUIRE unit coordinator (Anne Matthews) prior to confirm registration

Applications open on October 1st and closes on November 3rd. Due to COVID-19 there are limited places for 2021 as we honour our commitment to the participants who commenced the course in 2020.
